# Grow a Row for St. Joe's

## How do I participate?

It's simple.  
It's convenient.

Because we feel good nutrition is so important, St. Joseph Food Program spends more than \$100,000 annually to provide fresh produce for clients.

While St. Joe's partners with grocery stores to provide some produce choices, variety is limited.

**Grow a Row for St. Joe's** gives you the opportunity to help. By cultivating produce in your own garden and donating to St. Joe's, you can assist our efforts to enhance the nutritional needs of our client families.

## We appreciate all fresh produce donations.
